Our journey begins with late evening Emirates flights from Sydney, Melbourne, Brisbane, Adelaide and Perth to Dubai, arriving early the following morning for connecting Emirates flight to Addis Ababa.

We arrive in the Ethiopian capital in the afternoon and stay two nights at the Addis Ababa Sheraton, the first hotel in Africa to join the Starwood group’s ‘Luxury Collection’. A guest lecturer will discuss Ethiopia’s diverse history this evening.

Church of the Holy Trinity, Addis Ababa

Our full day of sightseeing includes the beautiful Baroque-style Trinity Cathedral (Church of the Holy Trinity); the Ethnological Museum located in the main campus of the Addis Ababa University where exhibits include Ethiopia’s history, culture and traditions of the people of Ethiopia; the National Museum containing the cast of “Lucy” – the 3.2-million-year-old fossil discovered in 1974; and an excursion into the Entoto mountains for panoramic views and to visit St Mary Church and the first palace of Emperor Menelik II, founder of Addis Ababa.

The next morning we fly to Bahir Dar, located on the shores of Lake Tana. We stay two nights at the upscale Kuriftu Resort & Spa, where a welcome massage is available. In the afternoon we make an excursion to the Blue Nile Falls, one of the most spectacular visual falls in Africa. Hippo and crocodile may be seen along the river bank.

Maqda, Ura Kidane Meret Monastery, Lake Tana

The next morning we board our private boat for a cruise across Lake Tana to the Zege Peninsula and its famous monasteries. After a short walk through local villages and coffee farms we reach the monastery of Ura Kidane Meret which houses an important collection of religious crosses and crowns dating from the 16th century and some illustrated books from the 13th century. The colourful paintings on the maqda (inner core of the monastery) are well-preserved and tell stories of the Ethiopian saints. In the afternoon we tour Bahir Dar’s market and visit Bezawit Palace.

Leaving Bahir Dar, we drive through scenic rural and mountain landscapes to the Semien Mountains National Park. Covering an area of 180km² and ranging in altitude from 1900 meters to the summit of Ras Dashan (Ethiopia’s highest point at 4430 meters), the park boasts a range of habitat and botanical zones, and is best known for its population of endemic Gelada baboon. We stay two nights at the Semien Mountains Eco Lodge.

Introduction

Throughout its long and often bloody history Ethiopia’s feuding fiefdoms have risen, flourished and fallen, leaving remnants of their glory still able to be admired today.

Ethiopia is home to no less than nine UNESCO World Heritage Sites - eight of them cultural, denoting the vast number of historic treasures that can be seen. We visit five World Heritage Sites on tour including the castles of Gondar; the Semien Mountains; the rock-hewn churches of Lalibela; the mysterious 'stelae field' of Aksum; and the ancient walled-city of Harar.

Our visit is timed to coincide with the Ethiopian Orthodox Christmas at Lalibela and the Timket Festival (Epiphany) celebrations in Addis.

Ethiopia is home to some of Africa’s most dramatic scenery and a healthy mix of wildlife. During our tour we go in search of Gelada baboons in the Semien Mountains; Walla ibex and Ethiopian wolf in the Bale Mountains; elephant at Babile; lion, crocodile and a variety of other rare, endangered, endemic and unusual animal and birdlife. In Harar we have the opportunity to hand-feed wild hyena under the watchful eye of the ‘Hyena man’, following a tradition handed down through the generations.

We stay two nights at the Semien Mountains Eco Lodge.
The next morning we have the opportunity to take another walk before driving to Gondar via the former village of the Felasha (African Jews, who have now migrated to Israel). Gondar is the first capital of the Ethiopian empire, founded in 1635 by Emperor Fasilidas and best-known for its collection of 17th century castles and palaces. We stay two nights at the new Gondar Hills Lodge with unusual sod-covered buildings.

We head up to Sankabar for a forest walk with picnic lunch and the chance of spotting the endemic Gelada baboon and native antelope. The landscape is picturesque with panoramic vistas overlooking the deep gorges of the escarpment. We follow centuries-old footpaths and discover the beauty of the hills, valleys and wildlife of this stunning region. Local conditions permitting we may continue to Chenek in search of Walia Ibex. Options exist for non-walkers.

In Gondar we visit the Royal Enclosure. The fortress, which is surrounded by a 300-foot-long wall, is a UNESCO World Heritage Site. The oldest and most impressive structure is the two-storey palace of Emperor Fasilidas. We also visit the library of Emperor Yohannes I; the House of Bakaffa; the palace of the kings wife; the bath of Fasiledes - now used for modern-day Timkat ceremonies; and the Church of Debre Birhan Selassie, an imposing structure with brightly coloured ceilings.

The next morning we drive south towards Debre Tabor, stopping at several Amhara villages along the way including Awramba, a small community of around 400 residents who live an egalitarian life and together resolve socio-economic problems faced by the villagers including health, education and the care of children and the elderly. Continuing west we enter the Lalibela Mountains and proceed through scenic country to Lalibela, where we stay four nights at the Maribela Hotel.

Lalibela is arguably one of the most important religious and historical sites in Africa, if not the entire Christian world. Ethiopia was the first country to adopt Christianity as a state religion. There are no less than 200 churches in the Lalibela region, some hidden in enormous caves, and 11 hewn from the solid rock. These brilliant feats of engineering and architecture date from the 12th and 13th century when Lalibela (then known as Roha) was the capital of the Zagwe dynasty.

We visit the group of churches which represent early Jerusalem, including Bete Bedhanialem (Saviour church), Bete Miriam, Bete Denagel, Bete Meskal, Debra Sina and...
The next day we visit Yimrehane Christos church, some 48km from Lalibela in the foothills of the Lasta Massif mountains. The church is situated in a large cave on the flank of Mount Abuna Yosef and built in the Axumite style with walls showing inset beams, wooden quoins, doors and window frames, the religious paintings and decorations inside are the most elaborate of all Ethiopian churches and are considered the oldest surviving mural paintings in Ethiopia.

Returning to Lalibela we will visit a local family to see how they brew the local coffee and prepare injera (local bread). The balance of the afternoon is at leisure to relax in preparation for the colourful Christmas eve festivities which we attend in one of Lalibela’s rock-hewn churches.

We take the morning flight north to Aksum. Today a simple frontier town, Aksum is historically a city of great importance as a former capital of Ethiopia, home of the legendary Queen of Sheba, and the current resting place of the Ark of the Covenant. On arrival we proceed with a tour of the city, visiting the Archaeological Museum and Cathedral of St Mary of Zion which legend says is built on the original foundations of a temple built by King Ezana in the 4th century – making it the oldest Christian site in Africa. We visit the famous ‘Stelae field’: the ruined palace and tomb of King Kaleb; and the residence of the Queen of Sheba dating from the 9th century. We stay overnight at the Sabean Hotel.

We drive north-east to Yeha and visit the 8th century Sabaean Temple, thought to be one of Ethiopia’s oldest standing structures. At Adigrat we visit Medhane Alem Adikesho church, one of the oldest and best preserved rock-hewn churches in the Tigray region. From Adigrat we head south to Hawzen in the heart of the Tigray region located close to many ancient rock-hewn churches. We stay two nights at Korkor Lodge, a recently opened eco-lodge located in the picturesque Gheralta mountains.
We fly east to Dire Dawa to stroll through the local spice market and visit the railway yards (now a museum) of the Addis – Djibouti Railway, before driving to Harar, which was the Muslim capital of Ethiopia during medieval times. Standing on the eastern side of the Great Rift Valley, this ancient walled city was known as the ‘forbidden city’ (closed to visitors) until 1887 and has changed little since it was first visited in the 19th century by Sir Richard Burton, a British officer in the Indian Army.

Our tour includes a walk along the old city walls and through several city gates; the house of the famous 19th century French poet Arthur Rimbaud; and a walk through the local markets where Amhara, Oromo and Adere (Harari) people and cultures mix.

Priest outside rock-hewn church, Tigray

Like Lakibela, Tigray boasts many ancient and historic rock-hewn churches, however these churches are less frequently visited and provide an off-the-beaten-track view of these religious landmarks. We spend the day touring the region and visiting several of the more important churches.

The next day we drive to Mekele, enroute visiting the 10th century cruciform shaped rock-hewn church at Abreha Atsbeha; and the sandstone church of Wukro Cherkos in Wukro, where the population is half Christian, half Muslim. We take the afternoon flight from Mekele back to Addis for overnight at the Addis Ababa Sheraton.

Mural, Abreha Atsbeha church, Tigray

Spice markets, Dire Dawa

In the early evening we return to one of the city gates to see the “Hyena man” feeding wild hyena by hand – a tradition that has continued for centuries. We stay overnight at the basic Harar Ras Hotel (Noted: as at July 2018 a new and as yet unnamed hotel is under construction across the road).

Hyena Man, Harar

At Dinsho, headquarters of the Bale Mountains National Park we have the best opportunity to easily spot the Mountain Nyala, Menelik Bushbuck, warthog and a variety of endemic bird species including the Abyssinian cat bird and the Abyssinian long-eared owl.

Babile Elephant Sanctuary

The Park is divided into five distinct and unique habitats ranging from the northern grasslands of the Gaysay Valley, to the

We drive to Babille elephant sanctuary which is home to a variety of wildlife including lion, kudu and wild ass. The sanctuary features beautiful natural scenery and was created for the protection of the endemic subspecies of elephant classified Loxodonta africana orleansi. We return to Dire Dawa for the night at Ras Hotel and a discussion on the archaeology of Ethiopia.

We fly to Addis then drive south through the Great Rift Valley to Debre Zeit, where we visit the crater lakes of Bishouftu before continuing to the shores of Lake Langano for overnight stay at Sabana Resort.

Like Lakibela, Tigray boasts many ancient and historic rock-hewn churches, however these churches are less frequently visited and provide an off-the-beaten-track view of these religious landmarks. We spend the day touring the region and visiting several of the more important churches.
On our final day in Ethiopia we attend the Timket Festival - the Ethiopian Orthodox Epiphany celebrating the baptism of Jesus. Attired in colourful robes and carrying large umbrellas, processions of Coptic monks carry Tabot (replicas of the Ark of the Covenant) and perform rollicking dances and religious songs. We’ll watch as the monks baptise the Tabot and splash blessed water over the crowds of faithful. The replicas are paraded back to church accompanied by much singing and dancing. Through the drumming and chants the monks achieve a state of ecstasy, often contagious to the white robed worshippers who gather around them.

We take the afternoon Emirates flight back to Dubai for connecting Emirates flights departing early the next morning to Sydney, Melbourne, Brisbane, Adelaide and Perth, arriving late that evening.

Leaving the Park we drive via several interesting village stops to Lake Awassa for overnight at Haile Resort on the lakeshore.

In the morning we visit the fish market before driving back to Addis for a final night at the Sheraton Addis Ababa. Our farewell dinner is at one of the traditional restaurantes where we taste a variety of Ethiopian dishes and enjoy a cultural dance performance.

We stay three nights at the Bale Mountains Lodge situated at 2,380m on the approaches to the Sanetti Plateau and Harenna Forest.

During our stay we have the opportunity to explore different areas of the park in search of the world’s rarest canid, the Ethiopian or Semien Wolf and their natural prey the Giant Mole-rat (also endemic to the Plateau). We may be very lucky to sight the rare and shy African Wild Dog or remnant populations of Ethiopian lion. Our excursions visit the Harenna Forest and ascend the high Sanetti Plateau and involve some off-track walking (options available for non-walkers).

It is our policy to use the highest quality accommodation available throughout each stage of every tour. In large cities we also select hotels which offer a special ambience, history or favorable location. Outside major cities and towns hotel choices are limited and the 'best available' may be the 'only available' hotel and passengers should be aware that we are not always able to provide fully international standards of accommodation. Having said that, Ethiopia has developed substantially in recent years and tourism infrastructure has improved markedly.
